- **This degree worksheet is subject to change. Please work closely with an advisor to create your academic plan and ensure a successful experience at FRCC.**
- **To check your degree status, go to your e-WOLF account, click on DegreeCheck, and review your progress toward your degree.**
- **An absence of 12 months constitutes a break in enrollment and invalidates this review and possibly this plan of study.**

ADDITIONAL GRADUATION REQUIREMENTS FOR ASSOCIATE OF ARTS DEGREE

- **No developmental courses may be applied to this degree.**
- **No more than 6 semester credits in independent study or internships may be applied to this degree.**
- **Minimum Grade Point Average 2.0; only grades of "C" or above may be applied to this degree.**
- **Minimum 15 degree-applicable semester credits must be completed at FRCC.**
- **Submit graduation application, transfer credits, and credit for prior learning to Admissions & Records by published deadline.**
- **Continuing students who have not had a 12-month lapse in enrollment will be allowed to use the requirements listed in any catalog published while continuously attending the college.**

GUARANTEED TRANSFERABILITY

of Associate of Arts Degree and Associate of Science Degree to Colorado Public Four-Year Colleges and Universities

Colorado's agreement between public colleges and universities guarantees that when a student completes an A.A. or A.S. Degree—at least 60 semester credit hours of coursework completed with a grade of "C" or better in every course— a student may transfer to a public baccalaureate program with a Liberal Arts and Sciences major (e.g., English, geography, biology) and graduate after earning an additional 60 semester credit hours. Courses with an "S/U" grade will not be eligible for Guaranteed Transferability. While a student is guaranteed not to have to complete more than 60 semester hours to graduate, completing a baccalaureate degree within two years depends on the number of credits a student completes each semester at the four-year institution, course sequencing in the student's major (e.g., some upper-division major courses require that a student first complete lower-division major courses), as well as course availability.

This agreement does not apply to Early Childhood Education, Elementary Education, Engineering and Nursing degrees. These majors have statewide transfer or articulation agreements that have specific lower division requirements

Many other majors also require that students select specific courses from the gtPathways courses. Students should contact a transfer advisor at the earliest opportunity to review appropriate transfer guides. These guides indicate which lower division courses are required for articulated programs, or are most appropriate for the student's major. These guides also indicate the appropriate prerequisites for sequenced coursework that should be taken before transferring to a four-year college.

Transfer courses will be evaluated for FRCC course equivalency and applied to degree requirements according to state and college policy. Completion of FRCC equivalent guaranteed transfer (gt) course requirements from any regionally accredited institution will meet FRCC degree requirements.

Credit earned through prior learning methodologies (including CLEP, Advanced Placement, International Baccalaureate, articulation, military, corporate, challenge exam, portfolio credit, substitutions, correspondence courses, or independent study or through transfer credit from other colleges) may meet FRCC degree requirements. A student who is awarded credit using standardized credit for prior learning assessments or transfer credit from other colleges, may be granted a degree with designation and a gtPathways notation on their CCCS transcript. The receiving Colorado public institution will evaluate those credits according to its standard policy. Students who wish to use credits awarded through credit for prior learning or college transfer credit to fulfill specific course requirements are responsible for consulting with the institution to which they are considering transferring to determine whether the credits they have been awarded meet the standards of the receiving institution for specific course equivalents.

The Transfer Policy of the Colorado Department of Higher Education is available at: http://highered.colorado.gov/Academics/Transfers/Students.html.

Revised 3/11/14

APPROVED ELECTIVE LIST FOR ASSOCIATE OF ARTS DEGREE

Elective credit for the Associate of Arts degree must be completed from the following list of approved prefixes and courses. While some of the following courses may be considered generally transferable, a student's major at a four-year college or university may limit what credit will be accepted and applied toward degree requirements at that institution. Selection of elective credits and course sequencing should be done in consultation with an advisor and the four-year institution to which you intend to transfer.
