Student's Associate of Science Degree Worksheet **With a Designation in Mathematics for Transfer** UNOFFICIAL DEGREE CHECK

(Catalog Year: 2014-2015 – Effective Summer Term 2014)

Student Name: _____ Date _____

REQUIRED GENERAL EDUCATION COURSES:

Guaranteed transfer courses that are not offered by FRCC, but are taken at other Colorado institutions, may apply to the appropriate GT category under Required General Education Courses. ***No credits more than 10 years old will be applied toward this degree.***

Communication [GT-CO1, GT-CO2, GT-CO3]
(6 semester credits)
Take one pair of courses.

❒ ENG 121 (3) and ❒ ENG 122 (3)
OR ❒ ENG 122 (3) and ❒ ENG 201 (3) (or another GT-CO3 course)

Mathematics [GT-MA1]
(14-15 semester credits)
Take all three courses.

❒ MAT 201 (5)
❒ MAT 202 (5)
and
❒ MAT 203 (4) **OR** ❒ MAT 204 (5)

Natural & Physical Sciences [GT-SC1]
(10 semester credits)
Take both courses:

❒ PHY 211 (5)
❒ PHY 212 (5)

Arts & Humanities, History, and Social & Behavioral Sciences (18 semester credits)

Arts & Humanities
(9 semester credits)
Take any three courses from any of the four GT Arts & Humanities categories. [GT-AH1, GT-AH2, GT-AH3 or GT-AH4]

SUBTOTAL (48-49 semester credits required)

ADDITIONAL REQUIRED COURSES (7 semester credits) Take two courses.

Note: Completing COM courses is a Colorado Community College System requirement, not a gtPathways requirement.

❒ COM 115 (3) **OR** ❒ COM 125 (3)
❒ *CSC 160 (4)

**Students transferring to CSU Ft Collins will be required to take an additional computer science course at CSU-Ft Collins.*

ADDITIONAL ELECTIVES (4-5 semester credits)

Additional 4-5 semester credits of electives must be selected from the approved math and science electives course list (see below). Selection of elective credits should be done in consultation with an advisor and the four-year institution to which you intend to transfer.

APPROVED MATH & SCIENCE ELECTIVES LIST

AST	All AST courses in this catalog
BIO	105, 106, 111, 112, 115, 201, 202, 204, 208, 216, 221, 222
CHE	All CHE courses in this catalog
CSC	All CSC courses in this catalog
ENV	101
GEO	111, 112
GEY	All GEY courses in this catalog
MAT	120 or above (except MAT 155, 156, 255, 266)
MET	All MET courses in this catalog
PHY	All PHY courses in this catalog
GT	All MA1, SC1 and SC2 courses

❒ _____ ❒ _____
❒ _____ ❒ _____
❒ _____ ❒ _____

Note: This list applies only to courses shown in the FRCC catalog, and to transfer credit which is equivalent to FRCC Catalog courses. Transfer courses which are identified with "999" course numbers (with the exception of Career Technical Electives) are also approved as elective credit.

TOTAL (60 semester credits required)

IMPORTANT

- **This degree worksheet is subject to change. Please work closely with an advisor to create your academic plan and ensure a successful experience at FRCC.**
- **To check your degree status, go to your e-WOLF account, click on DegreeCheck, and review your progress toward your degree.**
- **An absence of 12 months constitutes a break in enrollment and invalidates this review and possibly this plan of study.**

ADDITIONAL GRADUATION REQUIREMENTS FOR ASSOCIATE OF ARTS DEGREE

- **No developmental courses may be applied to this degree.**
- **No more than 6 semester credits in independent study or internships may be applied to this degree.**
- **Minimum Grade Point Average 2.0; only grades of "C" or above may be applied to this degree.**
- **Minimum 15 degree-applicable semester credits must be completed at FRCC.**
- **Submit graduation application, transfer credits, and credit for prior learning to Admissions & Records by published deadline.**
- **Continuing students who have not had a 12-month lapse in enrollment will be allowed to use the requirements listed in any catalog published while continuously attending the college.**

Associate of Arts and Associate of Science Degrees with Designations
GUARANTEED TRANSFERABILITY

of Associate of Arts Degree and Associate of Science Degree to Colorado Public Four-Year Colleges and Universities

Colorado's agreement between public colleges and universities guarantees that when a student completes an A.A. or A.S. Degree—at least 60 semester credit hours of coursework completed with a grade of "C" or better in every course— a student may transfer to a public baccalaureate program with a Liberal Arts and Sciences major (e.g., English, geography, biology) and graduate after earning an additional 60 semester credit hours. Courses with an "S/U" grade will not be eligible for Guaranteed Transferability. While a student is guaranteed not to have to complete more than 60 semester hours to graduate, completing a baccalaureate degree within two years depends on the number of credits a student completes each semester at the four-year institution, course sequencing in the student's major (e.g., some upper-division major courses require that a student first complete lower-division major courses), as well as course availability.

Associate Degrees with Designations provide transfer pathways to Colorado state four-year colleges and universities in specified liberal arts and science designations. Additional Information about the articulation agreements can be found at http://highered.colorado.gov/Academics/Transfers/ .

The following four year schools participate in this agreement:

Adams State University
Colorado Mesa University
Colorado State University-Ft Collins
Colorado State University-Pueblo
Fort Lewis College
Metropolitan State University of Denver
University of Colorado Boulder
University of Colorado Colorado Springs
University of Colorado Denver
University of Northern Colorado
Western State Colorado University

Many other majors also require that students select specific courses from the gtPathways courses. Students should contact a transfer advisor at the earliest opportunity to review appropriate transfer guides. These guides indicate which lower division courses are required for articulated programs, or are most appropriate for the student's major. These guides also indicate the appropriate prerequisites for sequenced coursework that should be taken before transferring to a four-year college.

Transfer courses will be evaluated for FRCC course equivalency and applied to degree requirements according to state and college policy. Completion of FRCC equivalent guaranteed transfer (gt) course requirements from any regionally accredited institution will meet FRCC degree requirements.

Credit earned through prior learning methodologies (including CLEP, Advanced Placement, International Baccalaureate, articulation, military, corporate, challenge exam, portfolio credit, substitutions, correspondence courses, or independent study or through transfer credit from other colleges) may meet FRCC degree requirements. A student who is awarded credit using standardized credit for prior learning assessments or transfer credit from other colleges, may be granted a degree with designation and a gtPathways notation on their CCCS transcript. The receiving Colorado public institution will evaluate those credits according to its standard policy. Students who wish to use credits awarded through credit for prior learning or college transfer credit to fulfill specific course requirements are responsible for consulting with the institution to which they are considering transferring to determine whether the credits they have been awarded meet the standards of the receiving institution for specific course equivalents.

The Transfer Policy of the Colorado Department of Higher Education is available at: http://highered.colorado.gov/Academics/Transfers/Students.html
