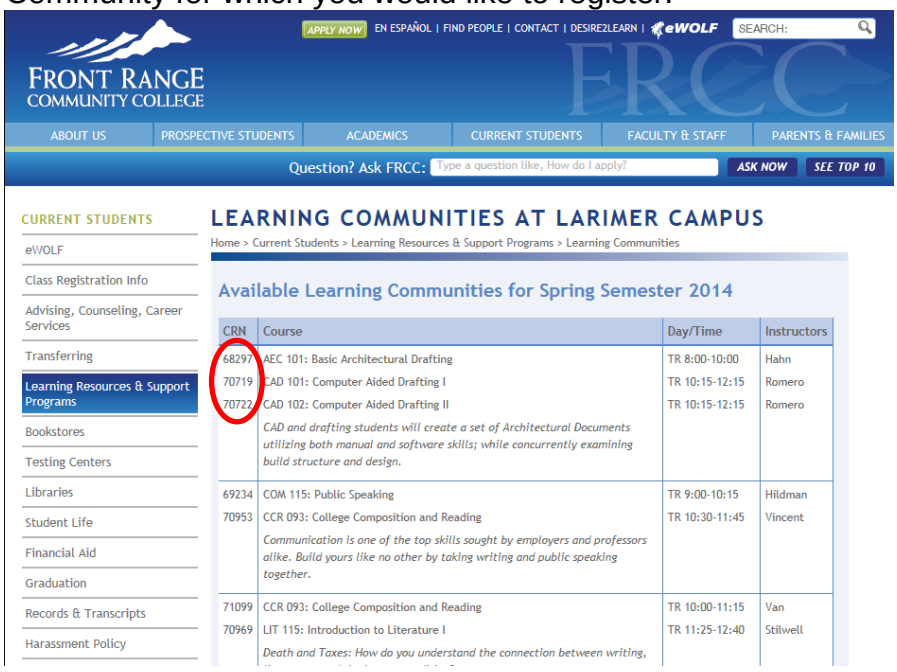
How to Register for Learning Communities

- A Learning Community requires you to register for two or more classes at the same time.
- When registering for Learning Communities, you MUST register for all classes at the same time by using the **Add or Drop Classes** function in eWOLF. See the below instructions on finding what Learning Communities are available and how to register for them.

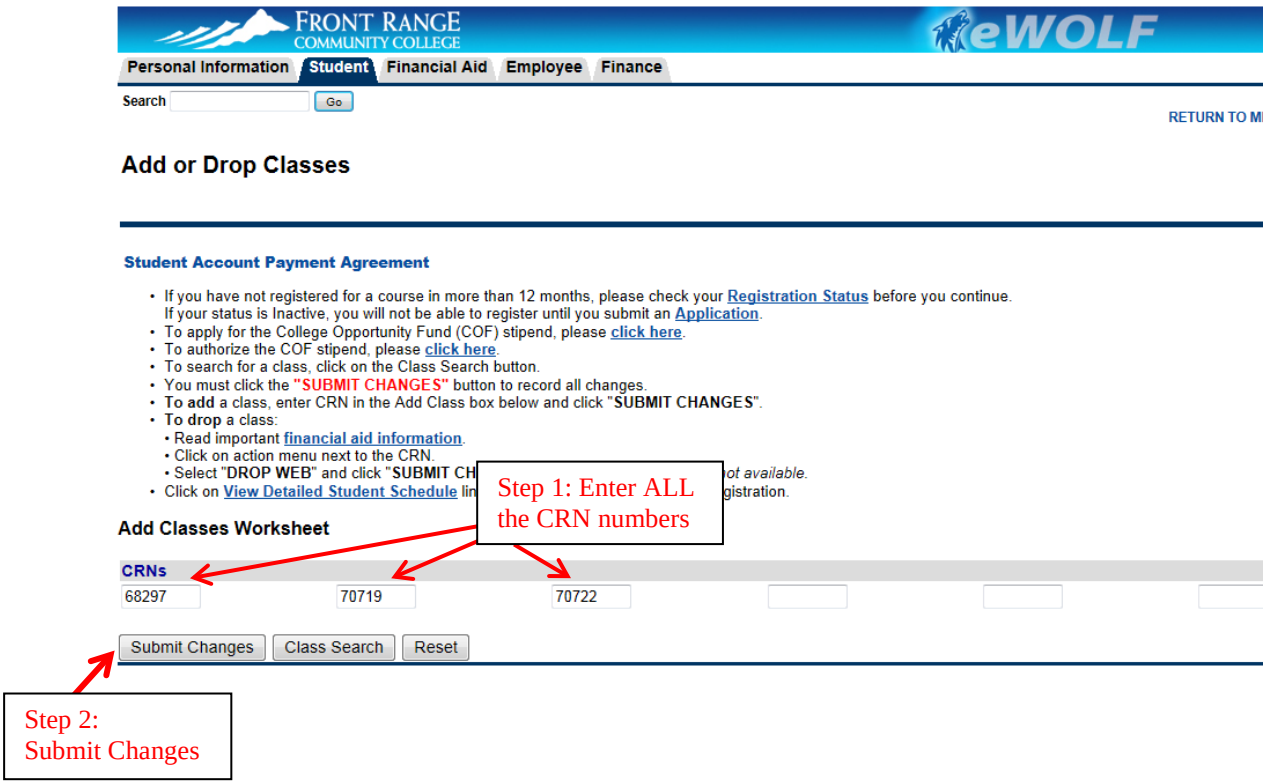
1. Identify the CRN numbers for the 2 or more classes that are in the Learning Community.
   - Go to www.frontrange.edu/learningcommunities
   - Select the link to the campus you'd like to attend.

   - After you choose a campus, you will be given a list of the Learning Communities available. Note (write down) the CRN numbers for ALL the classes in the Learning Community for which you would like to register.



2. Register for ALL the classes in the Learning Community.
   - Sign into eWOLF by selecting eWOLF in the upper right corner of the site.
   - Go to the Student tab in eWOLF and select Add or Drop Classes in the Registration Tools box.

   - Select your term from the drop down list.
   - Type the CRN numbers that you noted for the Learning Communities' classes into the CRNs boxes and select Submit.



3. The next screen will indicate your next steps including any errors in registering for these classes. If you have any additional questions, please call the Admissions and Records office at your home campus.
