

A REGIS DIPLOMA IS WITHIN YOUR REACH

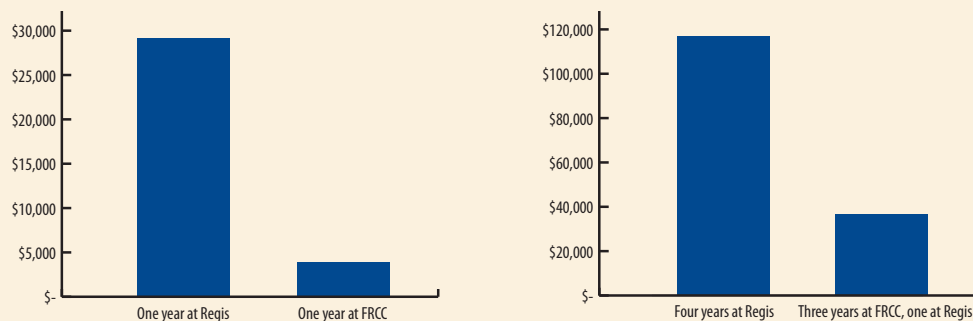

Earn a Regis University bachelor's degree at 1/3 the Regis cost.

How? Earn up to 95 credit hours at FRCC and then transfer to Regis.

By the time you get to Regis, you can have three years of credits on your transcript — at FRCC costs.

If you are studying Accounting, Business Administration, Computer Information Systems, Computer Networking, or Computer Science, this is for you.

Compare tuition costs

(Data based on FRCC and Regis University Web sites, 10/2009. A 'year' at FRCC means 30 credit hours)

Scholarships and other financial aid may be available. Each year Regis offers:

- One \$3,000 scholarship dedicated specifically to a FRCC transfer student.
- Ten \$2,000 Phi Theta Kappa scholarships for students in PTK.
- One \$7,500 Provost Scholarship for a Colorado community college student.

Get the value of a Regis University degree without the four-year cost. That's a wise investment in your future in accounting, business, computer information systems, computer networking, or computer science.
