SNAP (Food Stamps) Outreach

Do you need help paying for your monthly groceries?

The Supplemental Nutrition Assistance Program (SNAP) can help you put food on the table. SNAP, also known as food stamps, is a benefit that helps you buy food. It works just like a bank card at most grocery stores and farmers markets.

The Food Bank is here to help you get the food you need! If you are interested in signing up for SNAP benefits or have any questions, please email snap@foodbanklarimer.org or call 970-829- 0152.
