

**Approved Math and Science Elective List
For Associate of Science Degree
2014-15 College Catalog**

A minimum of 18 semester credits of electives must be selected from this approved math and science elective course list. Selection of elective credits should be done in consultation with an advisor and the four-year institution to which you intend to transfer.

AST	All AST courses in the catalog
BIO	105, 106, 111, 112, 115, 160, 201, 202, 204, 208, 216, 221, 222
CHE	All CHE courses in the catalog
CSC	All CSC courses in the catalog
ENV	101
GEO	111, 112
GEY	All GEY courses in the catalog
MAT	120 or above (except MAT 155, 156, 255, and 266)
MET	All MET courses in the catalog
PHY	All PHY courses in the catalog
GT	All MA1, SC1, and SC2 courses

Note: This list only applies to courses shown in the FRCC catalog, and to transfer credit which is equivalent to FRCC Catalog courses. Transfer courses which are identified with "999" course numbers (with the exception of Career Technical Electives) are also approved as elective credit.
