

The Learning Source at FRCC- GED Accelerated Program Information- Summer 2024

July 22nd-August 9th

Welcome! We are so excited that you are here. This accelerated session is designed for students who are GED-ready (or nearly ready) and are looking to complete their GED quickly. This session will be rigorous but rewarding! Our goal for you is that you will walk away with your GED before the end of the session! Here is some important information:

- This accelerated session is for students who show (through their test scores at orientation) that they are GED ready (or nearly ready). If your scores do not demonstrate this, you will automatically be enrolled for fall classes
- If your scores do show that you are ready for the accelerated session, **attendance is key**. Please be prepared to attend from 9-2:30 Monday-Thursday during the entire session (July 22nd-August 9th) , as well as working independently on Fridays.
